

Social event

- Dinner at the MIT museum
- Starting 7pm
- 265 Massachusetts Avenue, Cambridge

The screenshot shows the MIT Museum website's 'EXHIBITIONS & GALLERIES' page. The top navigation bar includes links for 'MIT MUSEUM HOME', 'SEARCH', 'SHOP ON LINE', 'HOURS & ADMISSIONS', and 'SITEMAP'. The main content area features three exhibition listings: 'Mind and Hand: The Making of MIT Scientists and Engineers' (ongoing), 'Robots and Beyond: Exploring Artificial Intelligence @ MIT' (ongoing), and 'Holography: The Light Fantastic' (ongoing). Each listing includes a representative image and a brief description. A sidebar on the left provides navigation for 'Exhibitions & Galleries', 'Collections & Research', 'Programs & Activities', 'Visiting the Museum', 'Facility Rental', 'Support Us', and 'About Us'. A 'Main Gallery' button is visible in the top right, and a 'Contact Information' section for Beryl Rosenthal is located in the bottom right.

EXHIBITIONS & GALLERIES

**Mind and Hand:
The Making of MIT Scientists and Engineers**
Ongoing
Time travel through student life and learning and experience firsthand what an MIT education is really like.

**Robots and Beyond:
Exploring Artificial Intelligence @ MIT**
Ongoing
An interactive excursion into the many-splendored world of artificial intelligence at MIT, filled with the likes of *Cybernetic Turtle* (1951), *Minsky's Arm* (1968), *Instrumented Screw Driver* (1993), *Spring Turkey* (1994-96), *Pebbles* (1996), *Cog's Head* (1997-98), and *Kismet* (1993-2000).

**Holography:
The Light Fantastic**
Ongoing
Eye-popping works drawn from the Museum's holography collection—the world's largest—that illustrate the artistic and scientific facets of the medium.
